SURE FLOW EXCEED

22 - 3 - 18 plus Chelated Trace Elements

ANALYSIS

| | | |
|------------|----|-------|
| Nitrogen | N | 22.0% |
| Phosphorus | P | 3.0% |
| Potassium | K | 18.0% |
| Sulphur | S | 4.6% |
| Magnesium | Mg | 0.5% |
| Iron | Fe | 0.08% |
| Manganese | Mn | 0.03% |
| Copper | Cu | 0.01% |
| Zinc | Zn | 0.04% |
| Boron | B | 0.05% |
| Molybdenum | Mo | 0.01% |

Prescribed Dosage Nutrition

Sure Flow Exceed is formulated using high quality technical grade ingredients and is extremely soluble. The use of high quality ingredients insures that consistent and reliable results are achieved.

Sure Flow Exceed can be applied as a foliar spray or through fertigation, either as overhead or dripper feed irrigation systems.

Sure Flow Exceed is suitable for most Vegetable, Fruit, Flower and Vine crops where Growth is the key target.

Sure Flow Exceed has been formulated with a Balanced Nitrogen (N), Phosphorus (P) and Potassium (K). Deficiencies and disorders are minimised with the addition of the chelated trace element package. Applying chelated trace element is known to increase the uptake of NPK. Chelated trace elements are known to have better uptake via fertigation than non chelated products.

Sure Flow Exceed should be applied in a routine program to maximise crop production, by ensuring major nutrients and trace elements are readily available.

PACK SIZE

Available in 20, and 1000 Kg Bags (54 bags per pallet).

APPLICATION

For use in a regular nutrition program. This product mixes well with most other agricultural products (Check compatibility with standard jar test).

Optimum rate of application will vary between fields. Multiple applications maybe needed throughout the season. The Application rate may need to be varied with change of the plant size, canopy or crop load.

SURE FLOW RANGE

If the **Sure Flow Exceed** ratio of nutrients does not suit your crops requirements, below is listed other Sure Flow products. Barmac have the ability to Custom Blend to your specific crop requirements. Consult your local reseller.

| | | |
|-------------------------------|---|------------------------------|
| Sure Flow Borax | As Borax | |
| Sure Flow Boric Acid | As Boric Acid | |
| Sure Flow Exceed | 22 - 3 - 18 | plus chelated trace elements |
| Sure Flow Flower and Fruit | 13 - 6 - 30 | plus chelated trace elements |
| Sure Flow Grow | 23 - 6 - 17 | plus chelated trace elements |
| Sure Flow Hi PK | 6 - 11 - 30 | plus chelated trace elements |
| Sure Flow P17+ | 13 - 17 - 13 | plus chelated trace elements |
| Sure Flow Total | 14 - 3 - 27 | plus chelated trace elements |
