DIRECTIONS FOR USE: For use to control Coastal Brown Ants in all Domestic, Commercial and Industrial Premises.

RESTRAINTS

DO NOT place baits in areas that are regularly washed as this will remove bait.

INDOORS: Apply bait indoors in areas where ants are seen such as behind refrigerators and stoves, around water pipes and in cracks and crevices. Renew at monthly intervals until the desired level of control is achieved.

OUTDOORS: Where ants are seen entering the building, place small pea sized baits along walkways, directly on ants' nests and in cracks and crevices around windows and doors. Renew at monthly intervals until the desired level of control is achieved

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS:

Drax Ant Kill PF is a ready to use product for baiting ants. The product should not be diluted or mixed with any other product or solvent. The cap should be replaced on the container after use. Use suitable equipment such as the hand held plunger supplied or an appropriate bait gun when applying to cracks and crevices.

Sufficient product should be used to ensure that all foraging ants have adequate opportunity to feed. Feeding may only be evident for the first 12 – 24 hours after application. The elimination of other food sources will greatly increase the effectiveness of the product. Results may take some time to become evident.

PRECAUTION: DO NOT place baits in locations where washing operations may transfer diluted bait to food or food preparation surfaces.

DO NOT place product in locations that are accessible to children.

PROTECTION OF LIVESTOCK: Do not place product in areas that are accessible to domestic animals, livestock or birds.

PROTECTION OF ENVIRONMENT: Do not contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL: Store in the closed original container. Product should be stored at or below 20°C. Do not store for prolonged periods in direct sunlight. Break empty containers, wrap in newspaper and place in rubbish bin. Empty containers or product should not be burned.

SAFETY DIRECTIONS: Wash hands after use.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone 131126.

MATERIAL SAFETY DATA SHEET: Additional information is listed on the Material Safety Data Sheet available from Barmac Industries Pty Ltd or from our internet site www.barmac.com.au

Notice: This product is designed only for the particular purposes indicated on the label. Failure to use the product strictly as directed may be illegal, prove dangerous and render the product ineffective. The buyer or user is responsible for any misuse or negligence in the handling, storage, use of or disposal of this material. Waterbury Companies Inc or Barmac Industries Pty Ltd will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply and use of this product other than those responsibilities mandatorily imposed by Statutes applicable to the sale and supply of these goods.
