DIRECTIONS FOR USE - ALL STATES

RESTRAINTS: DO NOT mow turf for at least 3 days before or after spray application.
DO NOT apply if rain is expected within 8 hours.

SITUATION	PEST	STATE	RATE	CRITICAL COMMENTS
Lawns & Turf except Lippia, Strawberry Clover or Saltene (Paspalum notatum) Lawns	Bindii, Clover, Chickweed, Creeping Oxalis (Not TAS), Cudweed, Dock, Dandelions, Flat weed, Fleabane, Lamb's Tongue, Sowthistle, Mull umbimby Couch	All States	SPRAY Spray 200mL in 20L of water per 100m ² SPOT SPRAY 60mL in 10L of water and wet weeds thoroughly.	Spray annual weeds when young and vigorous and perennial weeds just prior to flowering, when soil is moist. Thoroughly wet foliage but avoid excessive run off. Repeat application 3-4 weeks after initial spraying if necessary. To avoid damage to turf do not exceed recommended rates or spray intervals. For effective control of Mullumbimby Couch spray in warmer months (November and December) when weed is actively growing.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS: This product mixes readily in a hard or soft water. Weeds are killed by absorption through the leaf and root system of susceptible weeds. It is important to apply the recommended spray mixture when the weeds are young and actively growing and soil is moist. Results may take time to become evident. If necessary to respray, allow an interval of 3 weeks. This product when applied at the recommended rates, may be used on established turf such as couch, blue couch, fescue, carpet, centipede, Kentucky blue and rye grass.

RESISTANT WEEDS WARNING: Barmac Lawnweeder Plus Selective Weedkiller is a combination of the Benzothiadiazoles, Phenoxy and benzoic acid groups of herbicides. For weed resistance management Barmac Lawnweeder Plus Selective Weedkiller is a group C & I herbicide. Some naturally occurring weed biotypes resistant to Barmac Lawnweeder Plus Selective Weedkiller and other group C or I herbicides may exist through normal genetic variability in any weed population. The resistant individuals can eventually dominate the weed population if these herbicides are used repeatedly. These resistant weeds will not be controlled by Barmac Lawnweeder Plus Selective Weedkiller or other group C or I herbicides. Since the occurrence of resistant weeds is difficult to detect prior to use, Barmac Industries Pty Ltd accepts no responsibility for any losses that may result from the failure of Barmac Lawnweeder Plus Selective Weedkiller to control resistant weeds.

PROTECTION OF CROPS, NATIVE AND NON TARGET PLANTS: Do not apply under meteorological conditions or from spraying equipment which could be expected to cause spray to drift onto nearby susceptible plants, adjacent crops, crop lands or pastures. In particular, avoid spray drift and vapour movement onto susceptible crops such as cotton, tobacco, tomatoes, vines, lupins fruit trees and ornamentals.

PROTECTION OF LIVESTOCK: Do not feed lawn or grass clippings from treated areas to poultry or livestock.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT: Dangerous to fish. Do not contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL: Store in a closed original container in a cool well ventilated area away from children, animals, food, feedstuffs, seed and fertilizer. Do not store for prolonged periods in direct sunlight. Triple rinse or preferably pressure rinse containers before disposal. Add rinsings to the spray tank. Do not dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling break, puncture or crush and bury empty containers in a local authority landfill. If no local authority landfill is available bury the containers below 500mm in a disposal pit specifically marked and set up for the purpose, clear of waterways, desirable vegetation and tree roots. Empty containers or product should not be burned.

SAFETY DIRECTIONS: Harmful if swallowed. Attacks the eyes. Will irritate the skin. Avoid contact with eyes and skin. When opening the container, preparing the spray, using the prepared spray wear cotton overalls buttoned to the neck and wrist, a washable hat, elbow length PVC gloves and goggles. If product on skin immediately wash area with soap and water. If in eyes wash out immediately with water. After use and before eating and drinking or smoking wash hands, arms and face thoroughly with soap and water. After each days use wash gloves, goggles and contaminated clothing.

FIRST AID: If poisoning occurs, contact a Doctor or Poisons Information Centre (phone 131126).

MATERIAL SAFETY DATA SHEET: Additional information is listed on the Material Safety Data Sheet available from Barmac Industries Pty Ltd or from our internet site www.barmac.com.au.

NOTICE: This product is designed only for the particular purposes indicated on the label. Failure to use the product strictly as directed may be illegal, prove dangerous and render the product ineffective. The buyer or user is responsible for any misuse or negligence in the handling, storage, use of or disposal of this material. Barmac Industries Pty Ltd will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply and use of this product other than those responsibilities mandatorily imposed by Statutes applicable to the sale and supply of these goods.
