Professor Mac's

3 in 1 for Lawns

Natural Insecticide, Fertiliser & Wetting Agent

Active Constituents 10g/L Eucalyptus Oil 2.5g/L Tea Tree Oil

The complete lawn and garden program in one application

A unique lawn treatment that increases soil life, improves soil structure, promotes pest and disease resistance while fertilising lawns. Assists in control of Grass Grubs, Porina and Black Beetle while fertilising the lawn and breaking surface tension for ease of watering.

Professor Mac's is a registered trade name of Barmac Industries Pty Ltd

1 Litre

Professor Mac's 3-in-1 for Lawns

Professor Mac's 3-in-1 for Lawns includes:

- a unique natural insecticide to control Grass Grubs, Porina and Black Beetle
- a fertiliser to promote growth of your lawn
- a wetting agent that assists in maintaining a balanced moisture level in the soil

WHEN TO USE

FOR INSECT CONTROL:

Use when damage from lawn insect pests is just noticed. Dilute the contents of this 1L bottle with 20L of water and apply over 50m².

FOR LAWN FERTILISATION:

Can also be used at any time of year as a lawn fertiliser. Dilute 100ml of Professor Mac's 3-in-1 for Lawns with 2L of water to cover 10m².

FOR BEST RESULTS:

Apply early morning or late afternoon. In dry conditions immediately after spray application water in with the same amount of water as used in mixing the spray.

WARNING:

Never apply in concentrated form or at a dilution level higher than 1 part Professor Mac's 3-in-1 for Lawns to 10 parts water. Always dilute as above instructions. Product must be washed in thoroughly to ensure leaf is not burnt.

ANALYSIS

Element	%w/w
Nitrogen (N) as fish and chicken waste	1.11
Nitrogen (N) as urea	3.45
Nitrogen (N) as nitrate	0.64
Total Nitrogen (N)	5.2
Total Phosphorus (P) as water soluble	0.2
Potassium as plant extract, fish and chicken waste	3.1
Potassium (K) as nitrate	1.9
Total Potassium (K)	5.0
Calcium (Ca)	0.68
Iron (Fe)	0.39
Magnesium (Mg)	1.10
Manganese (Mn)	7.20
Sulphur (as Sulphate)	2.80
Aluminium (Al)	0.20
Nickel	0.36
Maximum biuret	0.1125

CAUTION:

KEEP OUT OF REACH OF CHILDREN.

FOR HOME GARDEN USE ONLY.

DO NOT FEED GRASS CLIPPINGS TO ANIMALS OR BIRDS.
