## DIRECTIONS FOR USE

SITUATION	PEST	STATE	RATE	CRITICAL COMMENTS
TURF Bowling Green	Brown Patch (Rhizoctonia)	All States and Territories	90 to 120 kg/ Standard Green	Use lower rates on Bent and Queensland Blue Couch grasses. Best results will be obtained if pH is corrected for the particular grass species ie 5.9 - 6.4 for Queensland Blue Couch and Hybrid Couches; 5.3 - 5.7 for Bent.
Golf Greens, Lawns, Tennis Courts			6 to 8 kg/100m <sup>2</sup>	
Fairways, Ovals and other cultivated areas			600 to 800 kg/ Hectare	

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**GENERAL INSTRUCTIONS:** Before application of Barmac Turf Renovation Mixture the area to be treated should be cored, scarified or preferably both. All debris should be swept up and discarded. Mix the appropriate amount of Barmac Turf Renovation Mixture with enough sieved dry sand dressing to give a similar volume to scarifyings and corings removed. Distribute evenly over area to be treated and rub into open core holes and grooves. Water off leaves.

**PROTECTION OF LIVESTOCK:** Do not feed grass clippings from treated areas to poultry or animals.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT:** Dangerous to fish. Do not contaminate dams, rivers, streams, ponds, waterways or drains with chemical or used containers.

**STORAGE AND DISPOSAL:** Store product in closed original containers in a cool, dry well ventilated area out of direct sunlight. Store away from foodstuffs and food. Dispose of containers by burying under at least 600mm of soil in a non crop, non pasture area away from homes or water sources or at an approved disposal site.

**SAFETY DIRECTIONS:** Avoid contact with eyes and skin. Wash hands after use.

**FIRST AID:** If poisoning occurs contact a doctor or Poisons Information Centre.
